Dreer's Quarterly Wholesale Price List

APRIL—JUNE, 1906.

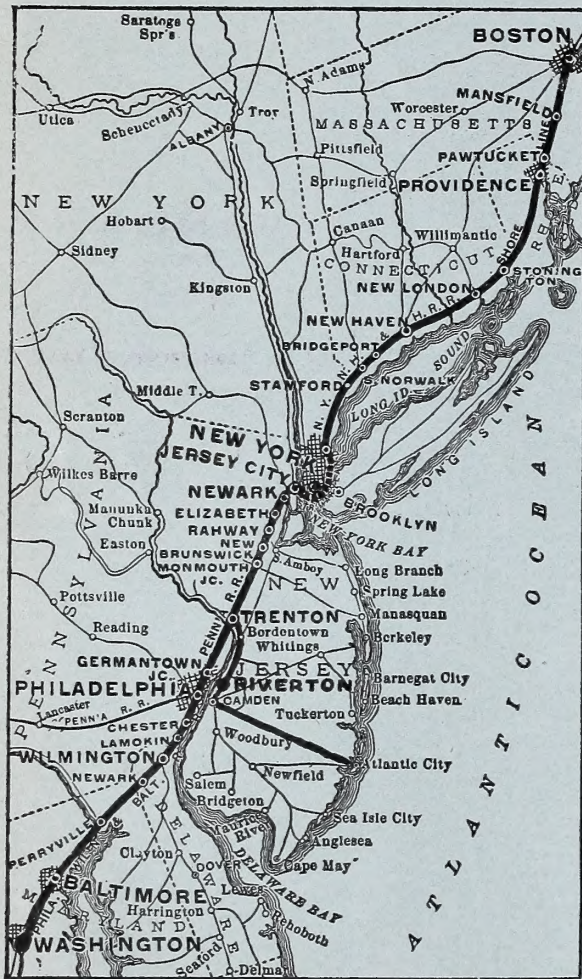

We take pleasure in presenting to the Trade this, the first issue of our Wholesale Price List for 1905. New Crop Flower and Vegetable Seeds are with few exceptions now in stock and ready for distribution, and we are confident that we can serve you better than ever before. In the Plant Department our stocks of decorative, hardy and other plants are very extensive and in splendid condition, comparing favorably to stock distributed by us in the past. We trust you will favor us with a share of your patronage which we promise will be given the most careful attention.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts.

Articles offered in our Retail Catalogue or Garden Book and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%.

No order for **PLANTS** or **BULBS** amounting to less than \$1.00 will be filled and packed at wholesale prices. Orders received from the trade for **Plants or Bulbs** amounting to less than \$1.00 will be charged for at retail prices, less 10 per cent.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S RELIABLE GENERAL LIST of FLOWER SEEDS

For full descriptions and illustrations see our **Garden Book** (retail catalogue) for 1906. Should you not have a copy we will be pleased to mail one on application.

We give close attention to the Flower Seed Department, our constant aim is to procure the **very best strains obtainable**, both of home and foreign growth, and no pains or expense are spared with this object in view. We call special attention to our particularly fine strains of Asters, Cinerarias, Cyclamens, Mignonettes, Pansies, Petunias, Primulas, Stocks, Verbenas, etc., etc. They are now grown by the most critical florists in the country and are acknowledged to be superior in all respects.

NOTE.—We do not furnish less than Trade Packets except where noted. Fractions of ounces charged for at a slight advance over the ounce price. Where small quantities are wanted retail packets can be supplied at a discount of one-third from retail catalogue prices. Prices in this list are net.

Dreer's Superb Asters.

We take special pains to secure only the choicest Asters, and nothing better in quality can be had at any price; beware of low-priced stock, it is liable to be low grade at the same time.

For early flowering Queen of the Market is used almost exclusively, although Snowdrift and Lavender Gem are also very early and very desirable. Our Superb Late Branching is in most demand for late, while for mid-season Comet, Pæony Perfection, Branching Pæony Flowered, Victoria and Washington, are all equally desirable.

American Grown Asters.

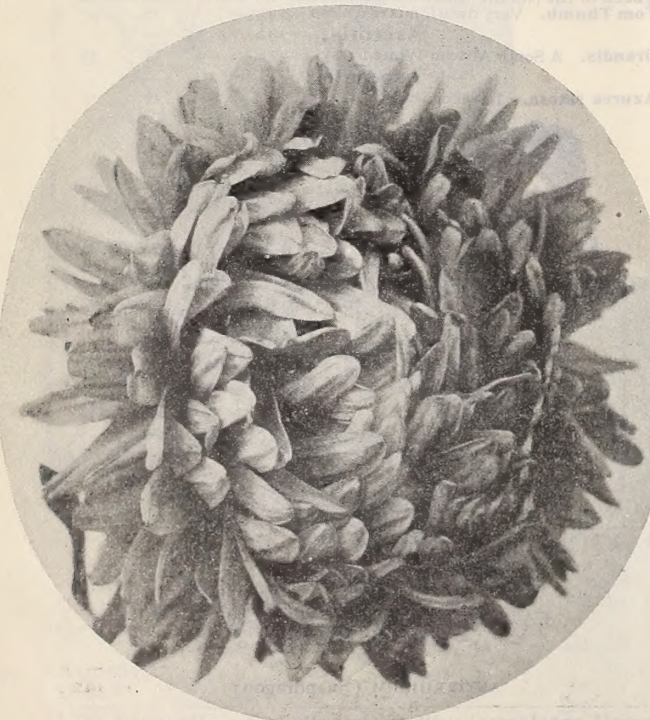

The following varieties stand at the head of Asters for the American climate. The stocks were all grown under our own supervision, and we know that the quality in every case is better than can be procured from most sources.

Dahlia.

Dahlias have come to the front with a bound as cut flowers, especially the single sorts. They are as easy to grow from seed as Nasturtiums. They need a good rich soil, a fair amount of moisture and lots of sunlight. They will bloom if sown out of doors as late as June, but are better when given an earlier start indoors or in a hot bed.

Petunia.

Our Riverton grown strain of Double and Single Fringed Petunia have long been celebrated as the best on the market. We keep continually culling out and hybridizing and thus maintain the high standard. We frequently test stocks from the world's best growers and can say without fear of contradiction that our own strain is by far the best to be had at any price.

Note.—We would especially call the attention of every florist who grows double Petunias from seed that all the smallest and weakest seedlings should be saved as they usually produce the finest double flowers. The same is true of the singles the strong seedlings being inclined to "weediness."

The varieties best suited for florists' use are marked with an asterisk (*). If you miss some old favorite variety in the list on next page it has been discarded in favor of an improved sort of the same color. All of the varieties are strictly first class.

We take special pains in making up our various mixtures, nothing but named sorts are used, and it is impossible to make anything finer than our Peerless mixture at any price.

ARDISIA CRENULATA

SINGLE TUBEROUS-ROOTED BEGONIA

Tuberous-Rooted Begonias.

Through careful selection, every season sees an advance in the quality of these beautiful Begonias. Our stock is grown for us by one of the most eminent specialist in Belgium, whose strain is celebrated for its size, rich coloring, form and substance.

The price is as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, will find many of the cheap strains now offered dear at any price. We offer but one quality, and that is the best.

Single Varieties in Colors. Scarlet, crimson, white, rose, yellow and orange. 40 cents per dozen; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 35 cents per dozen; \$2.50 per 100; \$22.00 per 1000.

Double Varieties in Colors. Scarlet, rose, white and yellow. 65 cents per dozen; \$5.00 per 100; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cents per dozen; \$4.00 per 100; \$35.00 per 1000.

New Hybrid Tuberous Begonias.

Duke Zeppelin and Lafayette.

These two gorgeous Begonias are of strong vigorous growth, but dwarf in habit, never exceeding 8 to 10 inches in height, and throw up numberless stems of full double flowers from early in July until cut down by frost. A continuous display of color which is simply dazzling in brightness and which is not equalled by any other flower.

Duke Zeppelin. Pure rich scarlet. Strong bulbs, 15 cents each; \$1.50 per dozen; \$12.00 per 100.

Lafayette. Brilliant crimson scarlet. Strong bulbs, 25 cents each; \$2.00 per dozen; \$15.00 per 100.

Frilled Tuberous-Rooted Begonias.

A most unique form, with very large single flowers which are entirely distinct, the petals being wavy and beautifully frilled on the edges similar to the newer forms of Petunias. Strong bulbs in a choice mixture of colors. 25 cents each; \$2.50 per dozen.

We are now booking orders for these three varieties of Begonias for June delivery in stock of the same quality as supplied last year. 2 1/4-inch pot plants, \$2.00 per dozen; \$15.00 per 100; \$140.00 per 1000.

Grand New Variegated Foliage Plant.

Bougainvillea Glabra William K. Harris.

One of the most interesting and at the same time most beautiful and useful variegated foliage flowering plants yet introduced. The ordinary green leaved Bougainvillea Glabra Sanderiana is well known as one of the most decorative flowering plants in cultivation, and is extensively grown for use at Easter, in this new variety, which is a sport of the green leaved form, the foliage is beautifully variegated, or rather marbled, with creamy white on a dark green ground. These markings are very decided and the proportion of the two colors is almost equally divided.

Not only will the plant prove valuable for decorative purposes in or out of bloom, but it will also prove very useful for out-door bedding, for use in window and porch boxes, for the bordering of ornamental foliage beds such as Crotons, etc., or as an individual specimen on the lawn. It succeeds equally well in full sun or in partial shade.

We are now booking orders for delivery early in 1907 at the following prices :

3-inch pots, 50 cts. each; \$6.00 per doz.; \$45.00 per 100.

4-inch pots, 75 cts. each; \$9.00 per doz.; \$70.00 per 100.

Specimen plants at \$2.50, \$5.00 and \$7.50 each.

BOUGAINVILLEA GLABRA WILLIAM K. HARRIS

CANNAS

Newer Varieties and Sorts of Special Merit.

King Humbert. In this grand new Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers, which, under ordinary cultivation, will measure 6 inches in diameter and which are produced in heavy trusses of gigantic size, are of a brilliant orange-scarlet with bright red markings; while the foliage is broad and massive and of a rich coppery-bronze with brownish green markings, bold and effective; 5 feet. 35 cts. each; \$3.50 per doz.

Mont Blanc. A grand acquisition, being almost a pure white, with large, well-shaped flowers which are produced in great profusion and contrasts well with the high-colored sorts; 3½ feet. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Louisiana. A strong, vigorous grower, attaining a height of seven feet, producing a dense mass of glossy green foliage and vivid scarlet flowers often measuring seven inches across. 35 cts. each; \$3.50 per doz.

Three "Exposition" Cannas.

Among the Cannas shown at the St. Louis Exposition in 1904 two beds were planted by us exclusively with the three varieties here offered, and the effect produced throughout the season, early and late, was not equalled by any other similar display. Again in our own trial grounds during the past summer they stood out pre-eminently among all other sorts. We consider them the three best Cannas for massing now in cultivation.

Jean Tissot. One of the brightest of the very large flowered Cannas. Color intense brilliant vermilion with bright orange shadings; a color that can be seen as far as the eye will carry. It is of strong uniform growth about 5 feet high with massive green foliage. \$1.25 per doz.; \$10.00 per 100.

President Meyer. A glorious Canna which on account of its large flowers, which are in trusses of immense size and of a pleasing rich cherry-carmine color, produces a really gorgeous effect; it has bronzy foliage and grows about 4 feet high. \$1.25 per doz.; \$8.00 per 100.

Rubin. The ruby-carmine flowers of this are not large, but are produced in such profusion and are so intensely rich and glowing, which, combined with the dark bronzy-green foliage, make it one of the best bedding varieties in our collection. \$1.25 per doz.; \$8.00 per 100.

Bronze Canna. "Black Beauty."

In the dark leaved varieties none attracts more attention or proves so effective as Black Beauty. Its flowers are insignificant, but its foliage is of the richest bronzy-purple shaded with black, the edges being peculiarly crimped. Our large stock enables us to offer it at a low price. \$1.00 per doz.; \$8.00 per 100.

Orchid Flowered Cannas.

NOTE.—The prices below are for roots delivered before May 1st, after which pot plants will be supplied at a uniform advance of \$1.00 per 100.

The following are the best and most distinct of this type.

Allemania. Dark salmon with golden markings. 50 cts. per doz.; \$4.00 per 100.

Austria. Pure canary yellow, with few reddish dots in the centre. 50 cts. per doz.; \$4.00 per 100.

Italia. Bright orange-scarlet, with broad golden-yellow border. 50 cts. per doz.; \$4.00 per 100.

Mrs. Kate Gray. The most robust-growing Canna in our collection, with broad and massive foliage of a bright glossy green; gigantic trusses of flowers, orange-scarlet overlaid with gold. \$1.25 per doz.; \$10.00 per 100.

Pennsylvania. Flowers fully 6½ inches in diameter, of an intense vermilion-scarlet overlaid with orange; foliage rich green. \$1.25 per doz.; \$10.00 per 100.

New Yellow Calla. Mrs. Roosevelt.

(Richardia.)

A distinct new variety admirably adapted for out-door cultivation where it may be handled in the same manner as a Dahlia, Gladiolus or other summer-flowering bulb. Planted in the open border in the spring, it will produce its handsome, large, pale-yellow flowers very freely, and in the fall may be stored in a dormant condition ready to again plant out in spring. It is a remarkably strong growing variety, and, even when out of bloom, its rich dark green foliage, which is distinctly and freely spotted and bloched with white, makes it at all times a conspicuous and most attractive subject in the garden.

Price, large, strong bulbs, which will flower freely this season, 30 cents each; \$3.00 per dozen; \$17.50 per 100.

Chrysanthemum Frutescens.

Paris Daisies.

Queen Alexandra. The single-flowering Paris Daisy has long been a favorite, not only as a cut flower, but also as a decorative pot plant during the winter months. This new variety introduced a year since has met with much favor and we predict for this pretty form even greater popularity. The pure white flowers are from 2½ to 3 inches in diameter, the greater percentage coming full double, not unlike an Anemone-flowered Japanese Chrysanthemum. The remainder of the flowers on the same plant come semi-double and single, all of which are very handsome. 60 cts. per dozen; \$4.00 per 100.

California Giant. The best of the large single white varieties.

Etoile d'or. A large, soft, pure yellow.
60 cts. per dozen; \$4.00 per 100.

Dreer's Select DAHLIAS.

It has been gratifying to us to note the remarkable interest which has been taken in the Dahlia the last few years. This, to a great extent, has been due to the numerous improved new forms which have been placed on the market, the majority of which we have been the first to offer in our catalogues.

While we exercise all possible care and precaution to keep our stock pure and true to name, exceptional trouble was experienced with that sent out last season, largely due to the fact that on September 19, 1904 (four weeks earlier than usual), a severe frost cut down the plants before it was possible to have them all correctly labeled. Last fall we had no frost until the end of October, enabling us to true them up, and the roots were dug, sorted and stored by our most experienced men, and our customers can depend upon receiving this season stock true to name.

NOTE—Unless otherwise specified, all Dahlias are supplied in strong roots, and we believe our supply this season is ample to meet all demands. However, in case the demand for certain varieties exhausts our supply of roots, we will send out growing plants, which will give equally as good results.

PINK CACTUS DAHLIA
"KRIEMHILDE"

Pink Cactus Dahlia Kriemhilde.

The most Popular Dahlia in Cultivation.

No Dahlia heretofore introduced has met with such popular favor as Kriemhilde. In color a brilliant pink and white, the outer edge being pink, gradually shading lighter to the centre, which is at first a creamy white, changing to pure white. It is of sturdy habit and free growth, producing freely and continuously its exquisite blooms on long stems, making it an ideal flower for cutting. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

New Cactus Dahlia, Victor Von Scheffel.

After seeing Kriemhilde it is difficult to picture an equally or even more beautiful variety in the same general class of color, but in this new aspirant we really have such a sort. It has the same good qualities of free growth and free blooming, but in color is more tender and pleasing, the deeper shadings being of the softest pink, fading off to pure white at the center.

While in a general way similar to Kriemhilde, it is entirely distinct, and there is ample room for both of these truly exquisite varieties.

35 cts. each; \$3.50 per doz.; \$25.00 per 100.

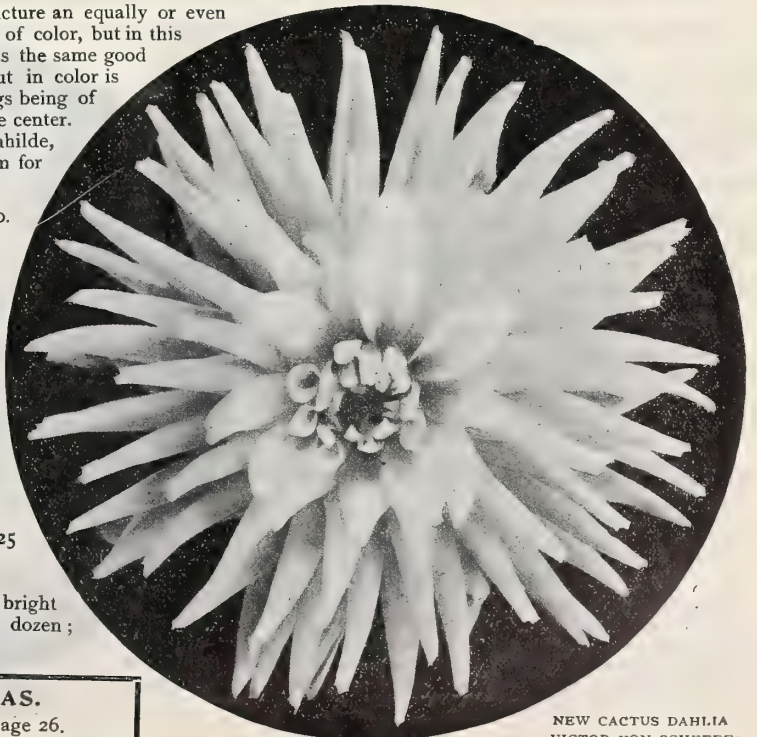

Three Giant Dahlias.

Gigantea. The most distinct variety in the Decorative class yet introduced, and, as its name implies, gigantic in every way. Growing about five feet high, it produces flowers frequently over six inches in diameter, of a pleasing shade of creamy-white. Strong growing plants ready April 25th.

40 cts. each; \$4.00 per doz.

Mrs. Roosevelt. Delicate silvery-rose. 25 cts. each; \$2.50 per doz.

Pendent. An early and profuse-blooming bright crimson-maroon. 25 cts. each; \$2.50 per dozen; \$18.00 per 100.

TWELVE SUPERB NEW CACTUS DAHLIAS FOR 1906.

NEW CACTUS DAHLIA VESUVIUS

Mabel Tulloch. Soft violet-rose with yellow shadings at the base of petals; a fine formed flower. 40 cts. each; \$4.00 per doz.

Uncle Tom. Maroon with deeper shadings, almost approaching black; a finely shaped flower and very free-flowering. 25 cts. each; \$2.50 per doz.

Vesuvius. Our illustration gives a good idea of the style of marking and variegation of this new type; the ground color is

Charm. Perfect shaped flowers, with long, narrow petals, the centre petals being white edged with pale yellow, the outer petals gradually changing to a light blush edged with salmon pink; occasionally the entire centre will be a pale but luminous yellow, while the outer petals will be salmon-pink, beautiful in both forms. 40 cts. each; \$4.00 per doz.

Dainty. Well named both for color and form; the ground color is lemon-yellow, which extends through nearly one-half of the flower, where it shades off to a soft glowing golden rose with a slight tip of yellow at the point of each petal. 50 cts. each; \$5.00 per doz.

Eva. Of medium size with incurved petals, color pure white. 35 cts. each; \$3.50 per doz.

Floradora. One of the most important additions to our list, both on account of its remarkable free-flowering habit and its distinct blood-red color. 25 cts. each; \$2.50 per doz.

Florence M. Stredwick. The finest white Cactus Dahlia yet introduced, of large size, perfect form and great substance, lasting in good condition for two weeks. Strong-growing plants, ready April 25th, 75 cts. each.

Fruite. Peaches and cream appropriately describes the coloring of this beauty, being of a pleasing, soft rose-pink passing to a cream centre. 50 cts. each; \$5.00 per doz.

Gotelinde. An ideal and beautifully formed primrose-yellow. 35 cts. each; \$3.50 per doz.

pure buttercup-yellow, striped and spotted with oriental red. 40 cts. each; \$4.00 per doz.

Wm. F. Balding. A pretty formed flower, full to the centre, which is primrose-yellow, while the outer petals are of a pleasing salmon-red. 35 cts. each; \$3.50 per doz.

Zephyr. A grand flower of reddish-violet, the color being heightened by each petal being of an old-gold color at the base. 25 cts. each; \$2.50 per doz.

One each of the above 12 superb New Sorts for \$4.00.

NEW CACTUS DAHLIAS OF 1905.

Clara G. Stredwick. Orange-salmon, shading to yellow at the centre; flowers large with long petals.

Dr. Bolan. Rich glowing carmine, shaded orange.

Flamingo. Bright flaming scarlet, exceptionally large flowers; long pointed petals.

Herder. Perfectly formed tubular flowers of a delicate rose-pink suffused with cream.

J. H. Jackson. Brilliant crimson-maroon, very free.

Mrs. Edward Mawley. A finely shaped clear yellow. 30 cts. each; \$3.50 per doz.

Mrs. H. J. Jones. An immense, perfect flower of rich, bright scarlet with cream-colored edge; occasionally coming self-colored, but beautiful either way.

Professor Dr. Zacharias. A medium-sized, but perfect yellow variety; very free-flowering.

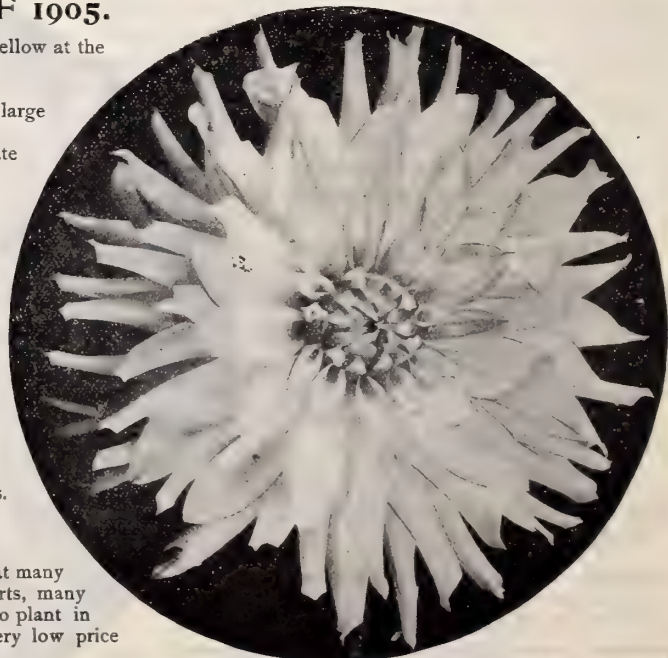

Ringdove. An attractive flower with narrow petals, pale-pink at the tips, shading to apricot at the centre.

Winsome. A fine creamy white of good size and perfect form.

Price any of the above, except where noted, 25 cts. each; \$2.50 per doz. Set of 10 sorts for \$2.00.

Mixed Dahlias.

In straightening out our named Dahlias last fall a great many were thrown into a general mixture containing all sorts, many being high-priced Cactus varieties and just the thing to plant in quantity for show or cutting. We offer them at the very low price of 60 cts. per doz.; \$4.00 per 100; \$30.00 per 1000.

NEW CACTUS DAHLIA WINSOME

CACTUS DAHLIAS OF SPECIAL MERIT.

Aunt Chloe. Rich, black maroon, the darkest variety in the collection.

Britannia. Deep salmon flesh; free and early.

Brunhilde. Rich plum color, loosely arranged long petals; an exceptionally fine flower and very free.

Countess of Lonsdale. A peculiar but pleasing blending of salmon-pink and amber, a color difficult to describe. This is the Dahlia for the million. Flowers freely under all conditions.

Exquisite. Pure orange-scarlet with salmon shadings; truly lovely.

Gabriel. An improved Arachne, having the same peculiar forms and variations as that interesting sort, but with flowers twice as large; the petals are creamy-white edged with crimson, although it is hardly possible to find two flowers exactly alike on the same plant.

Gaillard. Both in form and coloring this variety is perfect, being of a rich, glowing carmine, with long tubular petals; very graceful.

General Buller. Cardinal red with crimson shadings; each petal tipped with white; a splendid large flower and one of the most admired varieties. (See cut.)

Hunold. Tile-red; immense flower; fine.

Jealousy. A perfect, clear yellow; fine in every way.

J. Weir Fife. Purplish maroon; rich and glowing.

J. W. Wilkinson. Rich ruby; a fine shaped flower.

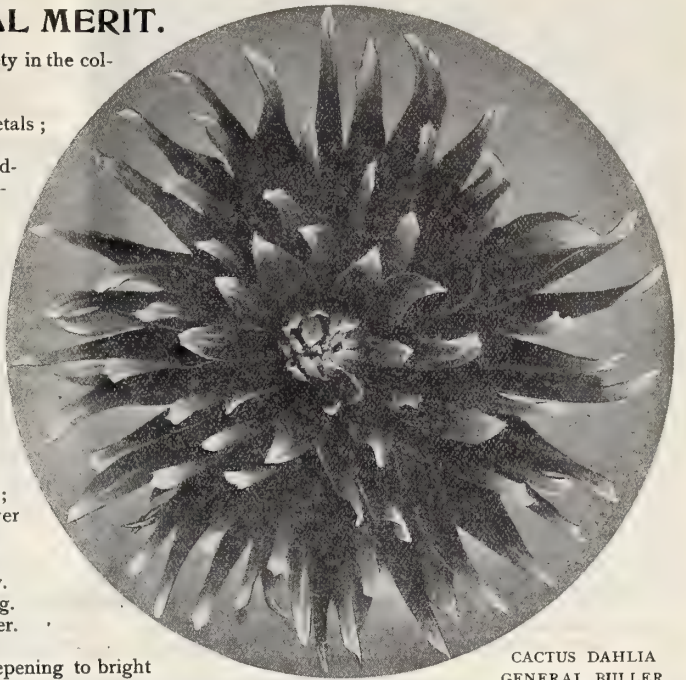

Mrs. Jowett. Brilliant orange-red; fine.

Rosenhagen. A pleasing shade of salmon-rose, deepening to bright magenta on the edges.

Rosine. Glowing crimson with purple shadings.

Ruby. Deep vermilion centre, shading to ruby-red at the edge of the petals; a rich, pleasing color.

Price:—Any of the above, 15 cts. each; \$1.50 per doz.; \$10.00 per 100. Set of 18 varieties of special merit, \$2.25.

CACTUS DAHLIA
GENERAL BULLER

Volker. A charming free-flowering pure yellow.

Venus. A miniature or Pompon Cactus Dahlia, small but elegantly formed; snow-white flowers.

SELECT STANDARD CACTUS DAHLIAS.

Aegir. Rich, warm cardinal-red with peculiarly twisted petals.

Arachne. This name means "spider," and is appropriately applied to this variety, the flowers being much twisted and very irregular; the petals are a creamy white, edged with crimson; the coloring, however, varies as much as its shape, there rarely being two flowers alike.

Capstan. Soft orange-scarlet, shaded apricot; remarkably free-flowering.

Dankward. Dark rose, shading to luminous-carmine in centre; perfect form.

Earl of Pembroke. Bright plum color; a royal shade.

Firebrand. Rich, glowing vermilion, shading deeper; fine.

Gellert. Full, double, fine-formed scarlet, shading to ruby at base of petals.

Hohenzollern. Rich, bronzy orange-red, with golden sheen.

Island Queen. Soft lavender pink; of fine form.

Keyne's White. A fine white; very narrow petals.

Mary Service. Apricot, shaded orange, shading to purplish-rose at the tips; a well-formed flower, and a free and continuous bloomer.

Mr. Moore. Deep claret; one of the best dark varieties.

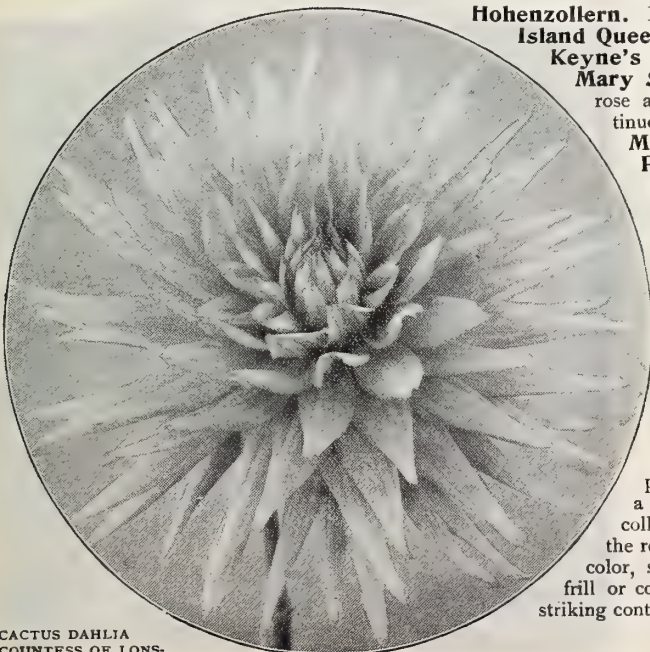

Progenitor. Bright carmine, each petal being furcated on the end like a stag-horn fern.

Primrose Dame. Exquisite primrose-yellow.

Standard Bearer. Rich, fiery-scarlet; very free.

Strahlen Krone. Intense cardinal-red; rich and glowing.

Price: Any of the above, 10 cts. each; \$1.00 per doz.; \$8.00 per 100. Set of 16 standard varieties, \$1.35.

CACTUS DAHLIA
COUNTRESS OF LONSDALE

Collerette Dahlia President Viger.

An entirely distinct type, which must be seen to be appreciated. The peculiarity consists in the flower having a row of short petals around the disc, which form a frill or collar, and which are of an entirely different color from the rest of the flower. The large petals are of a rich claret color, shading lighter toward the edges, while the short petals, frill or collar are pure white, occasionally suffused with rose; a striking contrast. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

TYPE OF DECORATIVE DAHLIA

Six New Decorative Dahlias.

Blue Oban. A sport from Oban, with which it is identical in every way except color, which is lavender-blue; very large and free flowering.

Catherine Duer. A strong-growing, free-flowering variety which originated at Newport, R. I., where it has become very popular on account of its bright iridescent crimson scarlet color, which lights up beautifully when used in decorations under artificial light.

Eureka. A fine large deep rose color with quilled petals, of perfect form.

Frank L. Bassett. Entirely distinct in color, which is of a bright royal purple, shading to blue; the nearest approach to a blue Dahlia yet introduced, and an attractive, well-formed flower.

Mrs. Winters. A finely formed large snow-white variety; the best white in this class.

Sylvia. Tinted white shading to soft pink on the edges; a useful variety for cutting.

15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Set of 6 varieties, 75 cts.

Twenty-five Decorative Dahlias.

Admiral Dewey. Brilliant imperial purple; fine form.

Baron Schroeder. A fine bright purple with bluish shadings.

Black Beauty. A grand deep maroon, of distinct form.

Bronze Beauty. Reddish bronze; a fine large flower.

Clifford W. Bruton. The finest yellow; a grand flower

Evadne. Soft primrose, shading to white.

Henry Patrick. A fine pure white.

John Elitch. Deep crimson, of perfect form; very large.

King of Cactus. A very large glowing crimson-scarlet.

Lucielle. Old-gold; very free

Double Pompon Dahlias.

Catherine. Finest pure yellow.

Elegante. Soft pink, tipped deep pink; reflex light pink.

Kleine Domitea. Orange buff; always in flower.

La Petit Jean. Beautiful rich plum color.

Little Beatrice. Very free flowering pink.

Little Frank. Light yellow, edged carmine.

Little Herman. Deep red, tipped white.

Little Naiad. Soft rosy-lake, tipped dark crimson.

Lou Kramer. Base of petals yellow, heavily tipped bright crimson, overlaid pink; pleasing variety.

Raphael. Deep maroon, of fine form.

Snowclad. Unquestionably the finest white.

Sunshine. Vivid scarlet.

10 cts. each; \$1.00 per doz. Set of 12 for \$1.00.

Thos. Westcott. Orange-scarlet, tipped white.
 10 cts. each; \$1.00 per doz.; \$8.00 per 100. Set of 12 sorts for \$1.00.

FANCY DAHLIA, LOTTIE ECKFORD

NEW CENTURY SINGLE DAHLIAS.

These magnificent varieties originated from the celebrated "Twentieth Century" offered in this set, and have all the characteristics of that popular sort except color.

Crimson Century. Rich, deep, velvety crimson, shaded maroon, with rose halo around a yellow disc. 50 cts. each.
Scarlet Century. Pure scarlet with yellow disc. 50 cts. each.
White Century. Pure white with yellow disc; large, overlapping petals of good texture; lasts even better as a cut flower than the original "20th Century." 50 cts. each.

Twentieth Century. No single Dahlia ever created such a sensation or was received with such popular favor as this. The plant is of free-branching habit, flowering early, profusely and continuously throughout the season, on stems 3 feet long, and when cut keep in perfect condition for days. They measure 4½ to 6 inches in diameter, and early in the season are an intense rosy-crimson tipped with white and having a white band around the disc. As the season advances they become lighter, until they are almost a pure white suffused with soft pink. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

FIVE GRAND NEW SINGLE DAHLIAS.

Alba Superba. The finest white single Dahlia yet introduced, of large size, pure in color, and an ideal flower for cutting. 60 cts. each.
Advancement. Fine deep ruby-red, rose halo and yellow centre. 15 cts. each; \$1.50 per doz.
Ami Downie. A very rich garnet, an improvement on the beautiful Ami Barillet. 25 cts. each; \$2.50 per doz.
Gracie. A beautiful flower of most delicate coloring, being white suffused blush, shading to soft pink at centre. 25 cts. each; \$2.50 per doz.
Striking. Deep garnet, each petal with a white spot on the tip. Really a single-flowering form of the double fancy variety, Frank Smith. 25 cts. each; \$2.50 per doz.

SINGLE DAHLIA, TWENTIETH CENTURY

CHOICE SINGLE DAHLIAS.

Ami Barillet. Pure garnet; very rich; free-flowering.
Blackbird. Black velvety maroon, with a bright red spot at the base of each petal.
Fashion. Crimson-maroon, darker shadings.
Geo. Boreman. Deep glowing carmine, with a broad band of orange-scarlet through each petal.
Lustre. Cheerful rosy-pink, shading to blush in centre.
Mrs. Bowman. Solferino; a fine large flower.
Snow Queen. Creamy white.
St. George. A pure yellow; 4 to 5 inches across.
 10 cts. each; \$1.00 per doz.; \$8.00 per 100. Set of 8 varieties for 65 cts.

FICUS LUTESCENS (Mistletoe Fig.)

DRACÆNA INDIVISA

Erythrina Christa-Galli Compacta.

(New Dwarf Coral Plant.)

In this new variety we have a plant that is not only dwarf, never exceeding 30 inches in height, but very free branching, each branch terminated with a spike of flowers. These are of a brilliant crimson-scarlet, and are produced from early in July until frost; an effective and showy plant that we can recommend for every garden. After frost the plants may be lifted and stored in a dormant condition through the winter in a dry cellar, covering them with dry soil or sand. 30 cents each; \$3.00 per dozen.

Erythrina Bidwilli.

Another free-flowering variety producing medium sized flowers on very large spikes, of a brilliant strawberry-red color, entirely distinct from all others. 75 cents each.

Erythrina Crista Galli.

- 15 cents each; \$1.50 per dozen.

Ficus Radicans Variegata.

A pretty variegated trailing variety. An admirable plant for the warm conservatory. The leaves are bright green, freely and irregularly margined with white, the variegation sometimes extending to nearly the entire leaf. 35 cts. each.

Ficus Repens.

- Strong 3-inch pots, \$1.25 per dozen; \$10.00 per 100.

Ficus Lutescens.

(The Mistletoe Fig.)

A new species which is especially interesting on account of its free prolific fruiting qualities, it bearing at each leaf axis a small fig-shaped berry, which at first green changes to a pale yellow. The foliage is small and of a dark green color, the whole plant reminding one of a branch of mistletoe. It should make an excellent subject for the window-garden.

The demand for this during the past season has been something phenomenal, not only has it met with public favor, but the ease and quickness with which saleable plants can be produced, at a saving of time as well as of room compared with all other Nephrolepis, has also made it a favorite with the grower and in anticipation of an increased demand we have prepared an immense stock of 2 1/4-inch pot plants which we are prepared to supply at the following low prices.

2 1/4-inch pots, ready for immediate delivery or we will book orders for any special date. 60 cents per dozen; \$4.00 per 100; \$30.00 per 1000.

Larger sizes, 6-inch pots 50 cents each; \$6.00 per dozen. 12-inch pans \$2.50 each.

Nephrolepis Barrowsii.

The Improved Pierson Fern.

In this new variety we have a dense compact form of the Pierson Fern, in which the fronds are not only shorter and broader, but it grows bushier, and what is most important, its fronds are supported on stout, stiff midribs, which gives the plant a much shaplier form. We have every reason to believe that this will hold the same position to the Pierson Fern that Scottii now holds to the old Boston. 2 1/4-inch pots, \$1.25 per dozen; \$10.00 per 100; \$90.00 per 1000.

Nephrolepis Whitmani.

The Improved Tarrytown Fern.

In this we have unquestionably the most valuable Nephrolepis of the Ostrich Plume type yet introduced, not only is it of dwarfier and more compact habit than the *N. Elegantissima*, but the pinnæ being more deeply divided, gives the plant a much more graceful appearance, while another important point in its favor is the fact that not a single frond has ever reverted to the common Boston Fern. Strong 2 1/4-inch pots, \$3.50 per dozen; \$25.00 per 100; \$200.00 per 1000.

Nephrolepis Elegantissima.

The New Tarrytown Fern.

This is an aristocrat among all the Nephrolepis and when well done unquestionably the finest of the lot, is a sport from the Pierson Fern, in which the plummy peculiarity of the original form is even more distinctly developed than in the original, the side pinnæ being again subdivided and standing at right angles to the midrib, makes both sides of the frond equally beautiful, while, at the same time, the plant is of much more compact habit, growing only one-half as tall, but with the fronds nearly twice as wide, making it a much more desirable plant for all purposes. 2 1/4-inch pots, \$1.25 per dozen; \$10.00 per 100; \$90.00 per 1000.

Nephrolepis Bostoniensis.

The Boston Fern.

2 1/4-inch pots, 60 cts. per doz.; \$4.00 per 100; \$30.00 per 1000.

Ferns in Flats.

We are now booking orders for Ferns in flats for delivery after May 1st at \$2.00 per flat. These flats contain about two hundred plants each, only one variety being in a flat and we cannot supply less than a full flat of any one sort.

THE CRIMSON FOUNTAIN GRASS

Crimson Fountain Grass.

(*Pennisetum Macrophyllum Atrosanguineum.*)

This new ornamental grass introduction from New Guinea, first sent out by us two years since, is without question a most valuable addition, not only to our list of beautiful ornamental grasses, but to bedding plants in general. Its habit of growth is strong and vigorous, yet most elegant and graceful; the foliage which is gracefully recurved, is 1 1/4 inches wide, of a pleasing dark metallic, coppery bronze, which, when at its best, during mid-summer and fall, far surpasses in richness the finest of the bronze leaved Cannas—a veritable crimson fountain. When grown as a specimen, it attains a height of about 4 feet, the ends of the shoots being terminated by tawny crimson plumes 10 to 12 inches long. By an occasional cutting back the plants can be kept, if desired, at a height of 2 to 3 feet. Interspersed with other ornamental grasses, this new *Pennisetum* will add a life and color hitherto unobtainable, while as an edging or border to a bed of Cannas or *Caladium Esculentum* it stands in a class by itself. The plants, when sent out in early spring, do not show their rich coloring, which, however, quickly develops when planted in the open bed or border

15 cents each; \$1.00 per dozen; \$8.00 per 100.

Pennisetum.

Rueppelianum. (*Purple Fountain Grass.*) A beautiful annual ornamental grass, growing about 2 1/2 feet high, producing long, graceful purplish plumes; a very effective plant to border a bed of Cannas or Hardy Grasses. 2 1/4-inch pots, ready May 1st, 75 cents per dozen; \$5.00 per 100.

Retinispora Sanderi.

A new blue conifer, which is not only a valuable addition to our list of hardy plants, but which will prove indispensable in any planting of hardy evergreens, either in massing or in single specimens. In habit it is quite distinct, its growth being dwarf, dense and cushion-like, forming beautiful semi-globular specimens of a most pleasing and attractive blue color.

NEW ROSES.

New Red Forcing Rose.

RICHMOND.

This is unquestionably the most valuable red forcing rose yet introduced, color a rich glowing scarlet of the same tone as Liberty, but does not blue with age. A strong vigorous grower with but little blind wood, foliage large, deep green, stems strong holding the flowers erect, and requires no special treatment, it succeeding admirably under conditions that will grow good Brides and Bridesmaids. 2 1/4-inch pots. \$1.50 per doz.; \$12.00 per 100; \$100.00 per 1000.

New Hybrid Tea Rose.

Etoile de France.

In this new French variety introduced by that most skillful hybridizer, Mr. Pernet Ducher, of Lyons, we have unquestionably not only a beautiful Rose, but one which will be sought for in every collection. It is a strong vigorous grower with good dark foliage and its large flowers which are full and double and of beautiful form, both in the buds as well as in the full blown flower are borne on strong upright shoots in the greatest profusion. In color it is distinct from all Roses of its class, being of a rich velvety crimson with vivid cerise red center.

A most desirable addition to our collection of Hardy Hybrid Tea bedding Roses and a fitting companion to such high class varieties as La France and Killarney. A nice lot of one-year-old-grafted plants. 3-inch pots 50 cts. each; \$5.00 per dozen.

New Yellow Tea Rose.

Souvenir de Pierre Notting.

From what we have seen of this new variety we believe it to be the ideal yellow bedding rose, a color in which our list has been much in need of. Souvenir de Pierre Notting has exceptionally large flowers, which in form and beauty surpass that best of all of our bedding roses, Maman Cochet, which is one of its parents; in color it is a deep apricot-yellow shaded with orange, rich and beautiful.

Strong 5-inch pots, 40 cents each; \$4.00 per dozen.

Hybrid Tea Rose. Killarney.

We have a fine lot of this beautiful pink Rose in strong 2-year-old plants, 40 cts. each; \$4.00 per dozen; \$30.00 per 100.

Frau Karl Druschki.

New White Hybrid Perpetual Rose.

This new hardy Rose was first disseminated in 1900, and has since won many prizes and made many friends. It is the **ideal hardy white Rose.** Its flowers, which are very large, are perfect in form and snow-white in color, with large shell-shaped petals, forming a beautiful flower. The plant is a strong, vigorous, healthy grower.

Strong 2-year-old plants, \$3.00 per doz.; \$25.00 per 100.

Baby Rambler Rose.

(Mme. Norbert Levavasseur).

We offer a fine lot of this most popular Rose.

4-inch pots, \$3.00 per dozen; \$25.00 per 100.

5-inch pots, 4.50 per dozen; \$35.00 per 100.

New Rambler. Philadelphia.

A cross between Crimson Rambler and the Hybrid Perpetual Victor Hugo, it differs from the old variety in being of a much deeper, brighter and more intense color which never fades out, perfectly double to the centre. It will not only prove a valuable addition to our hardy climbing Roses, but also for forcing for Easter.

Strong 2-year-old plants, \$3.00 per doz.; \$25.00 per 100.

NEW ROSE. FRAU KARL DRUSCHKI

The New Rambler Rose. Lady Gay.

A seedling from the popular Crimson Rambler, which it closely resembles in habit of growth and general effect, but with flowers of a delicate cherry-pink color which fades to a soft tinted white. The plant is a strong, vigorous grower, with profuse, glossy, deep green foliage, and the effect of a plant in full bloom, with the combination of the soft white flowers, the cherry-pink buds and the deep green foliage, is indeed charming.

This variety is of American origin, and has been exhibited both here and in England, where it has received much favorable comment. We offer strong 2-year-old plants at 75 cts. each; \$8.00 per dozen.

FOR OUT-DOOR PLANTING

We make a specialty of preparing Roses for out-door planting. Our stock is all field-grown, either American or imported from England or Ireland. The plants have all, during the winter months, been potted up into 5- or 6-inch pots, according to the growth of the variety. They are stored in cold houses where they break away naturally, making it the best possible stock for you to sell to your retail customers. Being in pots deliveries can be made as late as June 1st if desired.

HARDY PERENNIAL PLANTS.

For some years past we have been handling Hardy Perennials as one of our leading specialties, and our stock at the present time is unquestionably the most complete both in variety and quantity in the country.

Many planters not thoroughly familiar with this class of plants have an idea that nothing but a large, field-grown clump will give satisfactory returns the first season. This, as experience has taught us, is in most instances, a mistake. A vigorous plant of proper size will, in nearly every case, give quicker and better returns than the best so-called "field clumps" that can be procured. It will be noticed that the majority of the stock offered in this list is described as being 3, 4 or 5-inch pots. This does not necessarily mean that the plants have been altogether pot-grown, but that they have been field-grown and dug and potted up during the Fall and early Winter months, and such stock can be planted, even late in the Spring, with practically no loss, which, in the case of clumps, is often quite serious.

To the retail Florist we would suggest to plant a trial border of Perennials, this will not only prove an interesting display for your customers to make selections from, but the many useful subjects flowering at various times during the year will furnish sufficient useful material for cutting to make a border of this kind pay for itself in cut flowers alone.

Hardy Asters. (Michaelmas Daisies, or Starworts.)

These are among the showiest of our late-flowering hardy plants, giving a wealth of bloom at a season when most other hardy flowers are past. The collection offered below is made up of the choicest varieties only, the weedy sorts being eliminated; unless otherwise specified they bloom in September and October,

- Amellus Elegans.** Deep bluish violet 1½ feet.
- Airship.** Pure white. August and September. 2½ feet.
- Chapmani.** Light ageratium blue, very graceful large sprays. 4 to 5 feet.

Burbank's New Shasta Daisies.

In the three new varieties here offered, Mr. Burbank states that the effort has been to increase the vigor and perpetual flowering quality of the original strain, all of which has been wonderfully developed in this set.

Alaska. The whole plant and flowers are gigantic, but compact and graceful. The flowers average 4½ to 5 inches across, with from 38 to 42 wide petals of a glistening white, with a very small disc.

California. Similar to Alaska, but the buds and half-opened flowers are of a pleasing pale lemon yellow, with two rows of petals. These, when a day or two old, gradually change to pure white.

Westralia. This is distinguished by its branching habit, well-grown plants growing from 3 to 4 feet high, and nearly as much through. Newly opened flowers are of a cream color, changing to pure white, and from 3 to 4 inches in diameter.
15 cents each; \$1.50 per dozen; \$10.00 per 100.

DELPHINIUM GOLD MEDAL HYBRIDS

Delphinium Belladonna.

(The Everblooming Hardy Larkspur)

(See colored illustration on back cover of our Garden Book.)

In this variety we have a perfect gem, not only on account of its remarkable free-flowering qualities, which really are phenomenal, the plant never being out of bloom from the latter part of June until cut down by hard freezing weather, but also on account of its beautiful color, a pure turquoise blue with lighter centre, which for delicacy and beauty is not equalled by any other flower.

This has been one of the most admired hardy plants in our grounds during the past two seasons. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Six Choice Hybrid Delphiniums.

A collection of choice named varieties with large, handsome flowers.

- Emile Bayard.** Clear sky-blue, with white centre.
- Jeanne d'Arc.** Blue shaded purple, with distinct white centre.
- M. Lavigne.** Deep coerulean blue, with rich purple centre.
- Montagnard.** Clear azure blue.
- Ma-Plus-Belle.** Very deep sky-blue, with brown centre.
- Sarah Bernhard.** Fine lavender blue.

Gold Medal Hybrid Delphiniums.

Unquestionably, the finest strain of mixed hybrid Delphiniums ever offered. The original stock from which it was grown came from England, and consisted of the best named varieties, many of them being worth from \$5.00 to \$10.00 each. The plants are of strong, vigorous habit with spikes two feet or more long, of large flowers the majority running in the lighter shades of blue. 15 cents each; \$1.50 per dozen; \$12.00 per 100.

Select Standard Varieties of Delphiniums.

- Chinese.** A very pretty variety, growing about 18 inches high, and producing its pretty, gentian-blue flowers in large open panicles, strong plants. 75 cents per dozen; \$5.00 per 100.
- Chinese Aba.** A pure white form. 75 cents per dozen; \$5.00 per 100.
- Formosum.** The old favorite dark-blue variety, grows from three to four feet high, very vigorous and free flowering; still one of the best. 75 cents per dozen; \$6.00 per 100.
- Sulphureum.** (Zalil) An attractive species and entirely distinct. Forms a pyramidal bush about four feet high, composed of stiff, wiry stems, which is covered during June and July with pure sulphur yellow flowers. \$1.50 per dozen; \$12.00 per 100.
- Mixed Hybrids.** A fine lot of seedlings grown from a very select strain sure to produce a fine range of colors from the palest to the deepest blue with centres from pure white to brown. 75 cents per dozen; \$6.00 per 100.

Paniculata Flore Plena. This double-flowering Gypsophila is one of the most important additions to our list of hardy plants in recent years. The single-flowered form has always been a favorite on account of its airy graceful spikes of flowers which are indispensable in a naturally arranged bunch of flowers. Add to this the pretty, little double rosette-like flowers of this new form, which are produced in much branched panicles of from 3 to 3½ feet high, we have a plant that is not only valuable, for cutting purposes, but a most desirable addition to the hardy border. Incarvillea.

Delavayi. A fine, hardy, tuberous-rooted plant, very aptly called the hardy Gloxinia. One of the choicest perennials. It produces large, rose-colored, trumpet-shaped flowers, which last in perfection a long time. These are produced in clusters on stems 18 inches high. Extra strong roots. \$1.50 per dozen; \$12.00 per 100.

Grandiflora. *Incarvillea Delavayi* has on account of its very large and striking, rose-colored flowers, become a general favorite, and is being planted very extensively, but is much surpassed, both in size and beautiful coloring, by this new form on which the flowers are fully one-half larger as well as brighter in color, while the habit of the plant is much more compact. We offer a limited stock at \$1.00 each.

Iris Sibirica Orientalis "Snow Queen."

Among the strong free-growing Iris, adapting themselves to almost any position, and producing a mass of deep blue flowers under the most adverse conditions. *Iris Sibirica Orientalis* has always appealed to us as one of the very best, and, as a most useful and attractive plant. This new variety possesses the same general habit as its parent, except in the color of the flowers, which are of a pure white. A valuable addition to our list of Iris. 25 cts. each; \$2.50 per dozen.

Iris Pallida Folia Variegata.

This new Iris is conspicuous on account of its beautifully variegated foliage, which is of a glaucous green, with broad bands of creamy yellow, and is very constant in its coloring, each leaf being well marked. It is of free growth, and when well established attains a height of 2 to 2½ feet, and is very attractive. Its flowers are of a soft pale lavender. 35 cts. each; \$3.50 per dozen.

New Hybrid Alpine Iris.

An entirely new and distinct race, the result of over 20 years' work in hybridization by an enthusiastic specialist on the Island of Guernsey. All are perfectly hardy and useful, not only in the hardy border, but also for forcing, as with the minimum of heat they can readily be flowered in January and February.

- Charmier.** Light cream color.
 - Haydn.** White, suffused with blue, primrose beard.
 - Josephine.** Pure white.
 - Meteor.** Rich reddish-purple with yellow beard.
 - Milton.** Rich yellow, lined maroon, orange beard.
 - Stewart.** A good pure yellow.
- 20 cts. each; \$2.00 per dozen; \$15.00 per 100.
The set of six varieties for \$1.00.

Iris Pumila Hybrida.

A cross between the dwarf early flowering *I. pumila* and the large-flowering *I. germanica*. Their period of flowering is a trifle later than the pumila section, with flowers almost as large, showy and attractive as the German Iris. Our trials of these varieties in the hardy border the past season, as well as earlier forcings under glass, have fully convinced us of their desirability for both purposes.

- Cyanea.** Rich royal purple, with blackish shadings.
 - Eburna.** Pure white with creamy-white shadings.
 - Florida.** A beautiful lemon-yellow, shaded darker.
 - Formosa.** Upper petals deep violet-blue, lower petals light violet.
- \$1.50 per dozen; \$12.00 per 100.
The set of four varieties for 50 cts.

NEW ORIENTAL POPPY.

Papaver Orientalis Princess Victoria Louise.

A remarkable pretty new color in this popular and showy class of plants, which on account of its rich, and at the same time tender salmon pink color, appeals as a most striking novelty and as a valuable addition to our limited list of varieties. It has been extensively shown at all of the prominent continental European horticultural exhibitions during the past two summers, where it attracted much attention, and received many awards. 75 cents each; \$7.50 per dozen.

Four Fine Oriental Poppies.

Grand Duke. Brilliant crimson, marked with black spots.

Menelik. Rich, glossy, copper-colored flowers, with dark spots.

Mahogany. Very rich, dark, crimson-maroon; one of the finest.

Psyche. Delicate rosy blush, shading to white.

PERENNIAL PHLOXES.

One of our Leading Specialties.

(See Colored Plate in our Garden Book.)

Our collection of Phloxes consists of strictly first-class varieties of distinct and decided colors. The plants we offer are field-grown, were divided in the fall, and will make strong plants and a fine show of flowers this season. This stock is much superior to young, newly propagated plants, such as are generally sent out in the spring.

HARDY PHLOX PANTHEON

Everblooming Hardy Crimson Pink.

"NAPOLEON III."

This charming hardy Pink is by no means new, but only during the past two years have we had sufficient stock to enable us to offer it in quantity. The smallest plant set out in spring will form a compact clump, not over ten inches in height, which, from the middle of June until severe freezing weather, is a mass of full, double, brilliant, blood-crimson, delightfully clove-scented flowers. 2 3/4 inch pots \$1.25 per dozen; \$10.00 per 100.

Primula Veris Superba.

(New Giant Hardy Primrose.)

In size of flower, fully three times as large as any other hardy Primrose, the average size of the flower being over one inch, and we have seen them frequently measuring over two inches, with trusses of bloom 6 inches in diameter. It is perfectly hardy, grows from 10 to 12 inches high, and begins to flower earlier and continues in bloom longer than any other Primrose. This alone is sufficient to insure its popularity as a plant for the garden; but its greatest merit consists in the fact that it is not only one of the easiest plants to force, but a plant that will sell on sight when brought into flower during the early spring months, and especially so when grown as an Easter plant.

Strong plants 75 cts. per doz.; \$6.00 per 100.

Primula Cortusoides Sieboldi.

These are not so well known as they deserve; they are of free, vigorous growth, and can be flowered in pots in early spring, and respond quickly to forcing when placed in a temperature of 50 degrees. forming pretty pot plants in a short time, making excellent window plants which meet with ready sale when in bloom.

Romneya Coulteri.

(California Tree, or Matilija Poppy.)

While hardy as far north as Philadelphia, this must be planted in a well-drained, sheltered position. The flowers are white, six inches and over in diameter, and of a peculiarly delicate texture, the petals somewhat transparent, yet enduring in a good state for several days. Their fragrance is delicate, somewhat like that of a magnolia. Strong plants 50 cents each.

Stokesia Cyanea.

(The Cornflower Aster or Stokes' Aster.)

One of the most charming perennials in our collection, it grows from 18 to 24 inches high and produces its Centaurea-like 4 to 5 inches in diameter lavender blue flowers from early in July until late in October, even after frost has destroyed nearly all other out-door flowers. It is of easiest culture, succeeding in any open, sunny position; not only is it desirable as a single plant in the mixed border, but it can also be used with good effect in large, solid masses, and at the same time is invaluable as one of the finest cut flowers.

The stock which we offer is all pot grown, which is the only satisfactory stock to supply to the amateur, and it must not be confounded with native collected plants.

Two New Thalictrums.

Delavayi. Entirely distinct from all other Thalictrums. The flowers which are of a delicate lilac color, are disposed in a gracefully drooping or hanging manner in broad branching panicles. The plant grows about 2 feet high and has finely divided glaucous green foliage which makes it a very attractive plant, even when not in flower.

Aquilegiform Compactum. A dwarf compact growing form never exceeding two feet in height, which produces very large compact heads of showy white flowers, which are very freely produced during June and July. This is unquestionably the best of the large-flowered forms and a very showy plant.

Tritoma.

(Red-hot Poker, Flame Flower, or Torch Lily.)

Until the introduction of the variety Pfitzerii the Tritomas were only used in a limited way in the mixed border, or as specimens on the lawn, but the early, free and continuous blooming qualities of this variety have made it one of the great bedding plants, and when we consider that, outside of Cannas and Geraniums, there are few plants which are suitable for massing under our severe climatic conditions, it is little wonder that such an excellent subject should at once become popular.

All the varieties offered are worthy of cultivation; they are hardy if given protection, but the most satisfactory method of wintering is to bury the roots in sand in a cool cellar.

Coralina. A dwarf variety, rarely exceeding 2½ feet, producing freely from August to September medium sized spikes of coral-red flowers, shading to yellow. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

Diana. Deep buttercup-yellow, with long, protruding orange-scarlet stamens with black anthers; Sept. and Oct.; 3 feet. 50 cents each; \$5.00 per dozen.

Floribunda. Very large heads of fiery-red; August to October; 4 to 5 feet. 35 cents each; \$3.50 per dozen.

Lemon Queen. Light chrome-yellow; Aug. and Sept. 50 cents each; \$5.00 per dozen.

Obelisque. Large spikes of saffron-yellow, with brighter shadings; July and August; 3½ to 4 feet. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Pfitzerii. (The Everblooming Flame Flower.) The freest-flowering variety in cultivation, in bloom from August to November, with spikes from 3 to 4 feet high and heads of bloom over 12 inches long, of a rich orange-scarlet, producing a grand effect either planted singly in the border or in masses. \$1.00 per dozen; \$6.00 per 100; \$50.00 per 1000

Quartiniana. While supplied to us as an August-flowering sort, it was in full bloom in our trial grounds the past season by the end of May. Spikes 10 to 12 inches long, orange-red when first opening, the lower part changing to yellow when mature; a pretty combination of colors; 3½ to 4 feet. 50 cents each.

Rufus. Buds reddish-chrome, passing to primrose-yellow as the flowers expand; distinct and novel. 35 cents each; \$3.50 per dozen.

R. Wilson Kerr. One of the finest yet introduced. It is not only early, but is a continuous bloomer, as free in this respect as *T. Pfitzerii*, producing perfect flowers until the end of October. Color rich, brilliant orange-scarlet, which does not vary at any time. 50 cents each; \$5.00 per dozen.

Star of Baden Baden. A remarkably strong grower, frequently producing flower stems 7 feet high, with spikes of bloom 15 to 18 inches long, which are of primrose yellow, with green shadings and long, protruding orange-red stamens. August to November. 75 cents each.

Tricolor. A charming small-flowered sort, in which three distinct colors are combined in the same spike of flowers, the buds at first appearing cochineal-red, changing to canary-yellow as they develop, finally opening a sulphur-white; very free-flowering; August to October; 2½ feet. 75 cents each.

Triumph. A remarkably strong growing variety that produces from August to October flower heads from 12 to 16 inches long, on stems 4 to 5 feet high, and are entirely distinct in color, being of a rich, deep saffron-yellow shaded orange-red; unique. 35 cents each; \$3.50 per dozen.

Uvaria Grandiflora. The old-fashioned late flowering sort; spikes 3 to 5 feet high, flowers rich ochre-red, passing to salmon-pink. \$1.00 per dozen; \$6.00 per 100; \$50.00 per 1000.

CHOICE HARDY SHRUBS

We make no charge for Boxes or Packing or Delivery to any Express, Freight or Steamship Line in Philadelphia.

AZALEA MOLLIS

Hardy Azalea Mollis.

These are among the showiest of our very early flowering shrubs, producing their flowers early in May before the foliage appears. We have an exceptionally fine lot of nicely budded plants, 15 to 18 inches high. \$4.50 per doz.; \$35.00 per 100.

Hardy Ghent Azalea. (A. pontica.)

These are used extensively in out-door planting in connection with Rhododendrons and hardy shrubs, and are valuable for their bright colors and extreme hardiness. Good bushy plants, 15 inches high. \$4.50 per doz.; \$35.00 per 100.

Hardy Azalea Anthony Koster.

Though not new, this beautiful Azalea, which is one of the prettiest of the Mollis section, is yet but little known. Its flowers, which are of the most intense golden orange-yellow color, are of exceptional large size and are produced very freely early in May.

Strong bushy plants well set with buds, 60 cents each; \$6.00 per doz.

Hardy Japanese Azalea Yodogama.

This charming Japanese variety is a perfect gem for outdoor planting. It forms a strong bushy shrub, about 3 feet high, which in May is literally covered with semi-double lavender pink flowers of a shade which is at once distinct from all others, and very pleasing. We cannot recommend this shrub too highly.

Good plants, 80 cents each; \$9.00 per doz.

Hydrangea Paniculata Grandiflora.

We offer a grand stock of this most popular of all Shrubs. Extra heavy, bushy plants, 24 to 30 inches high, \$1 25 per dozen; \$10.00 per 100.

Extra heavy bushy plants, 30 to 36 inches high, \$2.00 per dozen; \$15.00 per 100.

Standard or Tree-Shaped. An extra fine lot of heavy, well branched plants, \$3.50 per dozen; \$25.00 per 100.

Philadelphus Purpurea Maculatus.

(New Spotted Mock Orange.)

This new variety is the result of a cross effected by the renowned French Hybridizer, Victor Lemoine, to whom we are indebted for many new shrubs introduced during recent years. It is a distinct break in color in this popular plant. All varieties heretofore, while of many different forms, have all been white, while in this new variety the four petals have a distinct rosy-crimson spot at the base of each petal. The plant is of strong, vigorous, but compact growth, forming a bushy specimen about three feet high. The flowers are large, and appear on the ends of the axillary branches.

35 cents each; \$3.50 per dozen.

Hardy Rhododendrons.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate.

All the plants are well set with buds, and in first-class condition in every way.

Hardy Vines and Climbers.

AMPELOPSIS VEITCHII

Actinidia Arguta.

A most desirable rapid growing climber of neat growth with dark green foliage. \$2.25 per dozen; \$16.00 per 100.

Akebia Quinata.

We offer a large stock of this climber; strong plants, \$1.25 per dozen; \$10.00 per 100.

Ampelopsis Veitchii.

Strong 2-year-old field grown plants, \$1.25 per dozen; \$10.00 per 100.

Extra heavy 2-year-old field grown plants, \$2.00 per dozen; \$15.00 per 100.

Ampelopsis Virginica—Virginia Creeper.

Strong two-year plants, \$1.25 per dozen; \$10.00 per 100

Ampelopsis Tricolor or Vitis Heterophylla Variegata.

Very strong, 5-inch pots, \$2.00 per dozen; \$15.00 per 100.

Apios Tuberosa.

Strong tubers, \$2.00 per 100.

Aristolochia Siphon.

(Dutchman's Pipe Vine.)

Extra heavy, \$3.50 per dozen.

Bignonia. (Trumpet Creeper)

Grandiflora. Strong plants, \$3.00 per dozen.

Radicans. " " 1.50 " "

Cinnamon Vine.

Strong roots, 40 cents per dozen; \$3.00 per 100.

Clematis Integrifolia Durandi.

Of semi-climbing habit, growing about 4 feet high, and producing without intermission from early in June until late in fall, showy indigo-blue flowers 3 to 3½ inches across; 35 cts. each.

Large-flowered Red Clematis.—Ville de Lyon.

A red-flowering Clematis of the large flowering type, has been a desiderata for a long time; a number of varieties have been offered at various times, but all have been lacking both in color and size as well as in constitution. In the variety now offered, we not only have a bright carmine color, but a plant which is as free-flowering as the well known and popular Clematis Jackmani. 35 cents each; \$3.50 per dozen.

New Early-flowering Clematis Montana grandiflora.

This is a perfect gem—a climber, which on account of its strong vigorous growth and grand display of flowers, so early in the season, when no other climbers are in bloom, is certain to meet with much favor. The plant is of strong growth, and not subject to the attacks of any kind of disease or insects, and will succeed under the most adverse conditions. Its flowers are snow-white Anemone-like, 1½ to 2 inches in diameter, and begin to expand frequently as early as the last week of April, continuing well through May, and are produced in the greatest profusion, the plant being literally hidden by the masses of bloom. Extra strong two-year-old plants, 35 cents each; \$3.50 per dozen.

Clematis Flammula Rubra Marginata.

The old Clematis Flammula or Virgin's Bower, with its deliciously fragrant white flowers during midsummer, has always been a favorite. The variety here offered is a counterpart of its parent, except in color, each petal being edged with purplish crimson. A unique and desirable addition to our list of hardy climbers. Strong plants, 60 cents each; \$6.00 per dozen.

Large-Flowering Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gypsy Queen. One of the finest rich purple varieties.

Henryi. Finest large single white.

Jackmanni. The popular dark rich royal purple.

Lilacina Floribunda. Pale blue.

M. Koster. Bright rosy carmine.

Madame Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white, extra fine.

Miss Bateman. White, with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

The President. Bright bluish purple.

\$3.50 per dozen; \$25.00 per 100.

Clematis Paniculata.

(Japanese Virgins Bower.)

We have an immense stock of exceptionally fine plants of this most popular of all the Clematis, and offer

Strong one-year-old plants, 60 cts. per dozen; \$4.00 per 100; \$35.00 per 1000.

Strong two-year-old plants, \$1.00 per dozen; \$6.00 per 100; \$50.00 per 1000.

New Hardy Yellow Jasmine.

Jasminum Primulinum.

The old Jasminum Nudiflorum is an old-time favorite, which is especially admired on account of its extreme early flowering, its flowers in a sheltered position or against a warm wall appearing as early as the middle of March. In this new variety, an introduction from China, we have almost a counterpart, excepting that its flowers are fully double in size; these appear simultaneously with the leaves. It should prove an excellent addition to our limited list of early spring flowering climbers. Strong plants, 50 cts. each; \$5.00 per dozen.

Ipomœa Pandurata (Hardy Moon Flower).

Strong dormant roots, 50 cts. per dozen; \$4.00 per 100.

New Hardy White Everlasting Pea.

Lathyrus Latifolius Grandiflorus Albus "White Pearl."

A magnificent new pure white variety, with individual flowers fully double the size of the ordinary Everlasting Pea. These are produced in really gigantic trusses, and are of the purest white and in bloom throughout the summer and early fall months. Awarded a certificate of merit by the Royal Horticultural Society of England. A valuable acquisition that is certain to become popular, its immense size and purity of color appealing to everyone. We offer a limited lot of very strong roots at 75 cts. each.

Polygonum Baldschuanicum.

This beautiful hardy, woody, twining plant was first offered by us in 1900, but is still comparatively little known. We consider it one of the most interesting and showy flowering climbers. Its flowers are white and are borne in great feathery sprays at the extremities of the branches throughout the summer and fall months. It is a strong grower, and when once established will frequently grow 10 to 12 feet in one season. Strong plants, 35 cts. each; \$3.50 per dozen.

Wisteria Sinensis.

Extra heavy two-year-old plants, 5 to 6 feet long, well rooted.
 Blue \$3 00 per dozen; \$22.00 per 100
 White 3.50 " 25.00 "
